Division of Geological and Geophysical Surveys
Date Printed: February 27, 1997
Version: 1.1

This map is an index map to the public land record. Only surface ownership is being represented. More detailed maps (state status plates) portraying state land ownership by township are available at the Public Information Center, Department of Natural Resources. Similar maps are available at the Public Room, Bureau of Land Management. Please consult these maps for a more precise location of land ownership, and consult the public land record for current land status information.
